**Digital Takeoff Table™ Solution  
 Integrated Hardware Solution for  
 Construction Estimators**

Through an exclusive agreement with Wacom, On Center Software has seamlessly integrated On-Screen Takeoff® software with the ultimate estimating hardware. The Digital Takeoff Table solution features a 21.3-inch write-on display screen and a patented cordless, battery-free pen. The Digital Takeoff Table is designed to mimic the feel of manual takeoffs, and drawing takeoffs directly on-screen eases the transition to digital estimating while providing accurate measurements and faster takeoff completion. Software sold separately.

**Sesamee Combination Locks: Since  
 1926, 77 Years of Reliable Security**

CCL Security Products, with 121 years experience in the security hardware marketplace has been the manufacturer and supplier of Sesamee Combination Locks for 77 years. Originally Patented in 1926, the Sesamee basic design has remained unchanged over the years. The four wheel design which yields 10,000 possible combination changes, uses a solid brass internal platform which has evolved over the years.
