On-Screen Takeoff® & Quick Bid

Software Integration Leads to Estimating Success

A successful construction business depends on an estimator's ability to complete accurate bids quickly. The custom integration of On Center Software's award-winning On-Screen Takeoff and Quick Bid puts an end to manual errors and bulky supplies. By allowing estimators to complete

bids and takeoffs electronically, On-Screen Takeoff and Quick Bid improve accuracy, efficiency, and the exchange of information. Spend less time bidding and more time winning profitable projects.
